

Share Member Contact Information

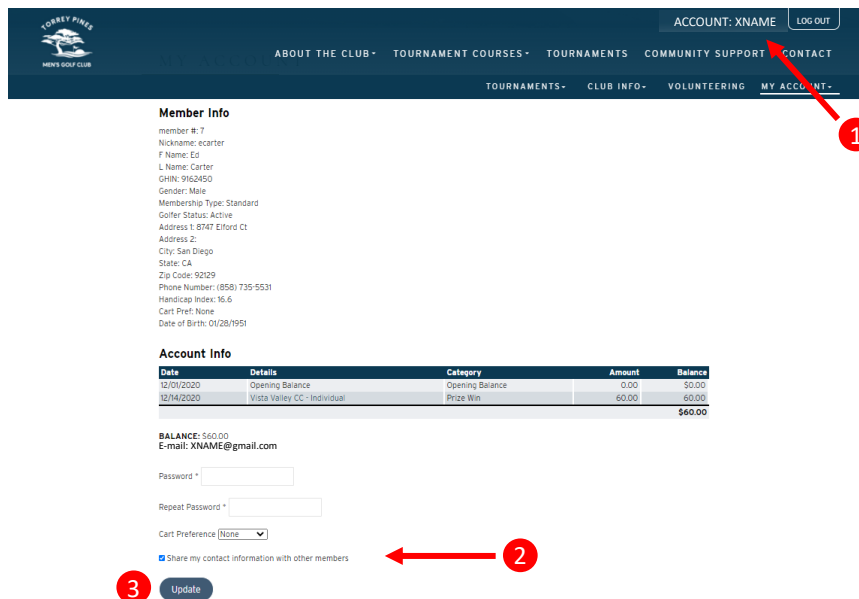

After member login go to member account information by selecting **1** username located in the upper right of the home screen and right of "ACCOUNT" (in below example member username is "XNAME").

When the "share my contact information with other members" box is checked then the member's email address and phone number appears in the member roster when the user's name is selected by other logged-on users. A member's contact information is never shared with anyone viewing the public pages. Only members who are logged on the website may view other members email address and phone number and only if that member has checked this box to permit sharing this info.

To share contact info with other member: :

2 Share Info:: Select the "share my contact information with other members" box

3 Update: Select Update to save new preference

The screenshot shows the member account page for 'LOBLEY PINES MEN'S GOLF CLUB'. The user is logged in as 'ACCOUNT: XNAME'. The page displays member details, account history, and contact information sharing options. Red arrows and numbers 1, 2, and 3 highlight the 'MY ACCOUNT' link, the 'Share my contact information with other members' checkbox, and the 'Update' button, respectively.
