

Your TPMGC Board has established a revised Pace of Play Policy that became effective on June 1, 2022. The club's Pace of Play standard is that each **group shall finish no more than 15 minutes behind the group in front and take no more than the following to complete the round:**

- Early tee times will be required to finish in maximum of 4:10,
- Middle tee times will be required to finish in maximum of 4:20,
- Late tee times will be required to finish in maximum of 4:30

To monitor pace of play TPMGC will utilize the Results Reporting function in Golf Genius. TPMGC will then use the timestamp for these emails to approximate the time that the group finished its round. The Timestamp will then be compared to timestamp of the group ahead to approximate the "Gap" between groups. This Gap time should be no more than 15 minutes behind the group ahead.

As soon as your group completes Hole #18, the scores should be input into Golf Genius and you should hit the submit button. Golf Genius will then send Round Result emails to each member of the group. After you review the scores and compare entries to the paper scorecard, edits can be made and with each edit another round result email will be sent to player whose scores have changed. The first Round Result email will be the one used to calculate your Pace of Play statistics.

You will receive an email from the TPMGC Pace of Play Coordinator if your Gap is sixteen minutes or greater. Each of the players in the foursome will be assessed one slow play penalty point. If you receive a total of 3 points in a five round stretch you could be subject to further penalties.

If your Gap exceeds 20 minutes each member of the group will be assessed 2 points and fined \$15. If you receive a total of 3 points in a five round stretch you could be subject to further penalties.

You can appeal the penalty by providing relevant details as to why your group exceeded a 15 minute Gap. The appeal must be specific with the cause of additional time lost. The appeal must be received within 24 hours after you were notified that a penalty was pending.

Any attempt to enter scores for Hole #18 before the hole is completed will be considered a conduct violation that can result in fines and suspension of playing privilege
