

TPMGC Board Candidates for 2027-2028 Term

CHRIS BECKER (New candidate)

I am interested in running for the board. I'm 40 years old and a native San Diegan. I would like to be on the board to bring a younger perspective to the group, participate more fully in the club's operation and direction, and help it succeed for many years to come. I have a degree in mechanical engineering from MIT, and spent about 15 years on wall street trading interest rates. I own a few bars in new york and believe that I can bring a strong technical and business background to the board. I haven't run a tournament on golf genius, but I'm very familiar with inputting/checking scores on it, and have been the person inputting scores for 90+% of my tournaments. I'm a quick learner with technology and would have no issue setting up and running tournaments. I'm obviously also quite proficient in excel etc. I've been a member for a little under 2 years and have volunteered for the adaptive golf championship and attended the majority of the semi-annual meetings held since I've joined. I think I'd be a great addition to the board and would love to be on the ballot. I've made my desire known to a number of the other board members already as well.

ED CARTER (Incumbent)

I'm an 8-year board veteran and club webmaster since we launched our new website in 2020. As technology chair I support website development and enhancement, generation of players stats, and most any computer/software related tasking. It would be my honor to be reelected to the board and help continue our tradition of providing golf competition at it's best. I believe SoCal has no better club than ours and there's no finer track than Torrey Pines.

RAMON CORONA (New candidate)

The purpose of this communication is to present myself as a candidate to become a board member for 2027.

I have been a member of the TPMGC for approximately five years and have thoroughly enjoyed participating in its activities and networking with a diverse group of individuals. As a retired business professor, I now have the opportunity to contribute to the board's responsibilities.

I hold an electronic engineering degree, an MBA, a PhD in Education, and a post-doctoral degree in Marketing from Tulane University. Currently, I am a professor emeritus at National University, having dedicated 20 years to teaching strategy and business courses. I continue to teach some strategy courses online and provide consulting services to Latin American universities.

In addition, I was a member of the San Diego Country Club for several years and served as a board member for one year until the club decided to undertake a course renovation. Approximately 70% of the club's members voted in favor of my candidacy for the board, which was a significant achievement and source of great satisfaction for me.

I have also been a member of the San Diego Hospice for a few years.

If you believe that I can contribute to the success of the TPMGC, I would be honored to consider my candidacy for a board position.

RUBEN HUERTA (Incumbent)

Hi I'm Ruben Huerta and I'm a Board member running for reelection. If I get reelected, I will continue to coordinate tournaments and manage the Divot Patrol volunteers the best I can. Thank you

NGUYEN LE (Incumbent)

Over the past two years, I have remained actively involved in the Torrey Pines Men's Golf Club and have consistently worked to support the club's success and its members. I have assisted in coordinating tournaments and have been a key contributor to efforts aimed at improving pace of play, helping to create an equitable and better experience for all participants. Throughout my involvement, I have focused on what is best for the membership and have always kept the enjoyment of the game at the forefront of my decisions and contributions.

I respectfully ask the membership to reconsider my candidacy for the position. My continued commitment to the club, combined with the experience I have gained supporting club activities and initiatives, allows me to bring value as a board member. I remain engaged, accessible, and dedicated to enhancing the overall member experience, and I look forward to continuing to help improve the enjoyment of the game and the long-term success of the Torrey Pines Men's Golf Club.

JAMIE OGLE (Incumbent)

It is an honor to serve on the Torrey Pines Men's Golf Club board. I have enjoyed meeting members, running tournaments, supporting our team play efforts, and working with the Code of Conduct committee. Your Board takes seriously our responsibility to maintain the integrity of golf and our competitions while ensuring we have fun along the way. In addition to the TPMGC Board, I have served on other nonprofit boards over the years, including the Better Business Bureau and Ryan Family YMCA. This additional board experience has helped prepare me to contribute to our club and our board. I would appreciate your vote and welcome the opportunity to continue serving our membership. Play well!

LARRY PROSI (Incumbent)

I have been a member of the Club and board member for over 10 years. I currently serve as your Vice President, having previously been your President. Our Board working as a team this past year has completed many projects, and I have been involved in many of those. In my role as an officer, I strive to help make our Club one of the most outstanding public golf clubs available. I would very much appreciate your continued vote of confidence. Thank you!

FRANK RASHID (Incumbent)

Hello, my name is Frank Rashid.

I have had the privilege of serving on the TPMGC board these past few years and would like to continue to serve.

I request your vote. Thank you for your continued confidence and your vote.

STEPHEN SHUSHAN (Incumbent)

I am concluding my fifth 2 year term on the board. I am currently the Prize Fund Chairman, on the Penalty Committee and chair tournaments. Two years ago I was appointed by the City Council to represent our club on the City's Golf Advisory Committee. Being on the board I realize how much time and hard work is involved in putting on the tournaments and other duties. We can all agree that the tournaments are run very smoothly. I am willing to put in the time to serve as your board member, and therefore, ask for your vote.

SEAN TUCKER (Incumbent)

I am asking for your support to continue serving on the Torrey Pines Men's Club Board.

I have enjoyed being involved with the club and giving back to the membership. Over the past year, I have continued to volunteer my time in several areas, including serving as Tournament Coordinator and Volunteer Chair. These positions have given me the opportunity to work with our members, help organize club events, and contribute to making our tournaments and overall club experience successful.

One area I am particularly proud of is my work as Volunteer Chair. Increasing member participation and volunteer hours has been an important goal of mine. Our volunteers play a major role in helping the club operate successfully, and their contributions are also an important part of how Torrey Pines Administration views our club. I have worked to encourage more members to get involved and help create a stronger culture of volunteering within the club.

As Tournament Coordinator, I have also worked to make our tournaments organized, enjoyable, and fair for all members. I believe communication, organization, and attention to detail are important in making each event successful. I enjoy working behind the scenes to help make sure things come together for our membership.

I would like to continue serving on the Board because I believe I can continue to contribute, bring ideas forward, and help the club move in a positive direction. I understand that being on the Board is about serving the membership, not just holding a position.

I am committed to continuing to volunteer my time, supporting our members, working with the other Board members, and helping the Torrey Pines Men's Club remain a strong and respected organization.

I would appreciate your vote and the opportunity to continue serving our club.
